

Estlander & Partners

Estlander & Partners Freedom

STRATEGY DESCRIPTION

Estlander & Partners Alternative Investment Fund Freedom is designed to provide robust returns and to provide good diversification and even a hedge to equities and other risk assets. The long-term returns are expected to be in excess of 10% per annum with a volatility of 12% on average, with no correlation to equities. The program was redesigned in 2019 towards an "All season" approach and therefore aims to provide returns regardless of different market environments.

DISCLAIMER

This information is intended for institutional investors only. All data including performance numbers have been supplied by the respective managers and funds. HedgeNordic in no way guarantees the accuracy of these numbers and has supplied them to you for information purposes only. This does not constitute a solicitation to buy or an offer to sell. No investment should be made without fully reviewing the associated risk factors, fees and conflicts of interest as outlined in each fund's risk disclosure document. There may be funds which have chosen not to be listed in the HedgeNordic database and the NHX that may have better or worse performance than those in our database.

The risk of loss in investing in hedge funds can be substantial. You should therefore carefully consider whether such trading is suitable for you in light of your financial condition. Past results are not necessarily indicative of future results. Trade only with risk capital. Sales restrictions may apply in your jurisdiction.
